Dear Mr. Traversy,

I am writing in support of the renewal of *Avis de recherche's* (ADR-TV) television license, as well as its renewal of its "Public Interest" status as per Article 9(1)h) of the Broadcast Act. As the Executive Director of a national agency that works to prevent child abuse and raise public awareness of the issue, I strongly support the need for a television station that provides the public with information about the safety of children.

This letter is written to support renewal of licensing for ADR and to request that the CRTC grant the application to its sister station *All Points Bulletin* in hopes that all Canadians may benefit from a station dedicated to the well-being of children and the safety of our communities. Boost Child Abuse Prevention & Intervention is continuously seeking opportunities to raise awareness of child safety issues and such a station would assist with this goal. Boost has a mandate to provide education on child abuse prevention and we have extensive public awareness, prevention and education materials. We strive to provide this information to the public and *All Points Bulletin* could assist us in this mission.

Should you have any questions or concerns, please do not hesitate to contact me directly.

A copy of the letter has been sent to the applicant. I do not want to appear at the hearing.

Best regards,

A handwritten signature in black ink that reads "Karyn Kennedy".
