**RE: Article 7 of CRTC 2007-1, application numbers 2006-0508-2 and 2006-0509-0.**

Dear Mr. Géracitano:

The Canadian Council of Motor Transport Administrators (CCMTA) supports the application for the two specialty television services, Avis de Recherche and All Points Bulletin.

CCMTA is a non-profit organization comprising representatives of the provincial, territorial and federal governments of Canada which, through the collective consultative process, makes decisions on administration and operational matters dealing with licensing, registration and control of motor vehicle transportation and highway safety. It also comprises associate members whose expertise and opinions are sought in the development of strategies and programs.

CCMTA partners with police forces and other organizations across Canada in furthering our national road safety plan, Road Safety Vision 2010, the goal of which is to make Canada's roads the safest in the world.

We believe that the submissions for these two services will be of public interest to Canadians and that the police forces will be able to communicate valuable information about road safety issues. As police forces across the country continue to adopt Road Safety Vision 2010, we hope that these specialty television services may be used to disseminate information to Canadians on improving safety on the roads.

Yours sincerely,

A handwritten signature of Shaun Hammond, President of CCMTA, written in black ink.

Shaun Hammond  
President
