Dear Mr. Traversy:

Please accept this letter as a positive intervention in support of the application by "All Points Bulletin" for recognition as an English language Public Interest television network.

The Canadian Crime Stoppers Association represents some 115 Crime Stopper programs across Canada. Crime stopper programs in Canada have proven extremely successful in helping to stop, solve and prevent crime. This success is due to the tremendous existing partnership between law enforcement, media and the general public.

The proposal outlined by All Points Bulletin is consistent with our experience that enabling the general public, law enforcement and media a means to communicate successfully in this regard is very

much in the public interest of all communities. The above captioned proposal provides an exciting opportunity to enhance this communication and help make our Country a safer place. It is therefore our view that the proposal should be made available to benefit all Canadians.

In summary, the Canadian Crime Stoppers Association is pleased to support this initiative as we believe that a dedicated service of this nature will no doubt assist with the needs the community.

Sincerely,
