Dear Mr. Traversy:

**RE: Notice of Consultation: CRTC 2013-19**  
**Reference Numbers: 2012-1051-7 and 2012-0689-7**

As Mayor of the City of Cornwall, Ontario, I am submitting this letter of support for the above mentioned application by Avis de Recherche TV / All Points Bulletin TV to produce and broadcast "safety and prevention" messages with all public security organizations across the country to serve the 'public interest'.

It is my understanding that the French language service (ADR) was approved in 2007 and has been very successful. It is my belief that an English language service (APB) will be just as successful in assisting law enforcement agencies nationwide in their investigations, as well as educate viewers on all matters pertaining to public safety.

This new technology provides our protective services greater ability to prevent and fight crime. This application would allow security forces across the country to be more cohesive in their information sharing to allow a greater transparency as well as provide a common ground in which to act on their information.

I endorse this proposal and believe that it is in the public good and in the public interest to have such access to vital information that would be provided by Avis de Recherche TVC / All Points Bulletin TV.

Sincerely,

A handwritten signature in black ink, appearing to read "Bob Kilger". The signature is stylized with a large, looped "B" and a long, sweeping underline.
