Madame Diane Rheume
Secretary General
CRTC
Ottawa, Ontario
K1A 0N2

Dear Madame Rheume:

I would like to take this opportunity to lend my support of the Avis de Recherche TV and All Points Bulletin TV in their effort to gain Public Interest status under Article 9(1) of the Broadcasting Act.

The proposal to establish a nation-wide public security network which will create awareness and informative programming for the benefit of all Canadians is most appreciated. The ability of All Points Bulletin TV to provide the public with valuable information on how to protect themselves from identity theft, internet crime and provide information regarding missing persons and other issues of public safety and crime prevention will serve as a valuable education tool and help to create a safer community for citizens at large.

As Mayor of the City of Mississauga, I wholeheartedly support this application and would encourage the CRTC to support this initiative.

Sincerely

HAZEL McCALLION, C.M.
MAYOR
