Madame Diane Rheaume
Secretary General
CRTC
1 Promenades du Portage
Gatineau, PQ K1A 0N2

Dear Mme. Rheaume:

Re: Article 7 of CRTC 2007-1, 2006-0508-2 and 2006-0509-0

On behalf of City Council and the community of New Westminster, I fully support the application by Avis de Recherche TV and All Points Bulletin TV to produce and broadcast "safety & prevention" messages with all public organizations in Canada.

The City of New Westminster strongly believes in communicating to its residents by various forms of media outlets and this visual media will be an added dimension in enhancing the importance of safety and preventing crime in the community.

Television plays a very important role in communicating to the public and to have an entire channel dedicated to producing and broadcasting public service safety messages would add significantly in reducing crime in our community.

I fully endorse this initiative and believe that it will benefit the public in getting the vital safety information and request the CRTC to approve these applications.

Sincerely,

Wayne Wright
MAYOR
