Dear Mr. Traversy:

Notice of Consultation: CRTC 2013-19
Reference Numbers: 2012-1051-7 & 2012-0689-7

On behalf of Council and the District of West Vancouver, I wish to extend our strong support for the above applications in which Avis de Recherche TV and All Points Bulletin TV seek Public Interest status under the provisions of the Broadcasting Act.

The District of West Vancouver recognizes the importance of All Points Bulletin TV and its effort to improve public safety and awareness throughout Canada by broadcasting photos and videos of suspects and photos of missing persons. We feel that this channel would be a welcome addition to the services that the Canadian police forces already provide.

We wish you much success with your efforts to raise public awareness for this important cause.

Yours truly,
