Dear Madame Rheaume:

**RE: Article 7 of CRTC 2007-1, Application No. 2006-0508-2 & 2006-0509-0**

As Mayor of Winnipeg, I am pleased to write in support of the above-referenced applications from All Points Bulletin TV to be granted "public interest status", so that this very important service can be offered Canada-wide.

Not only will this network allow police forces across the nation to instantaneously broadcast information on crime suspects and missing persons to their counterparts in other jurisdictions and the Canadian public, but citizens will also benefit from increased access to information on public safety and crime prevention.

I endorse this application, and also attach a letter of support from the Winnipeg Police Service.

Sincerely,

  
Mayor Sam Katz
