Dear Madame Rheaume:

Re: Article 7 of CRTC 2007-1, 2006-0508-2 and 2006-0509-0

As Minister of Public Safety and Solicitor General in the Province of New Brunswick, I am pleased to write this letter of support for the above mentioned application by Avis de Recherche TV/All Points Bulletin to produce and broadcast "safety & prevention" messages with all public security organizations across the country to serve the "Public Interest".

Our Police Services strongly approves of open, transparent communication in the belief that informed people can participate more fully and effectively in their communities. A television service dedicated to public safety would definitely help inform and educate the public about safety and security matters. Communities would be better informed and could become safer and more secure.

Anything that can help our law enforcement services would be in the public interest. For this reason I urge you to give serious consideration to this proposal for expanded coverage.

Sincerely,

A handwritten signature in cursive script that reads "John W. Foran".

And Solicitor General
